Course Outline

Course Title	Integrated Project for Programming
Course Code	PROG 3300
Hours	60
Credits	4
Prerequisites	
Co-Requisites	
Conditions	Successful completion of courses and milestones to date.

Course Description

In this course students integrate the skills and knowledge learned throughout the program. Students will plan, design, develop and deliver a project based on stakeholder requirements.

Rationale

Under Development

Learning Outcomes

Students are required to successfully complete each course outcome. In keeping with NSCC's approach to portfolio learning, students will have demonstrated the ability to:

1. Design, develop and deliver an IT project to specifications and parameters.

2. Integrate professional communication and reporting strategies to meet the needs of a variety of stakeholders and target audiences across a variety of platforms.

3. Review the successes and areas for improvement throughout the development and implementation of the project.

Grading

The pass for this course is   60%

Required Supplies

Under Development

Other Information

Not Applicable

Other Course Notes

It is the responsibility of the student to review and understand all Nova Scotia Community College policies, most specifically the Student Community Standards, Academic Integrity, Student Appeals, Use of Copyright Materials, and Academic Accommodation policies. Policies directly applicable to students are referenced in the student handbook. The policies and procedures can be found on the College website: Policies & procedures (https://nscc.ca/policies/)

If you have questions about policies and/or procedures, you are encouraged to ask Faculty, your Academic Chair or Staff at Student Services.

Workplan

A workplan for this course is attached and will be reviewed by your faculty member(s) within the first week of class study.
